Craft Resources

Palm Sunday

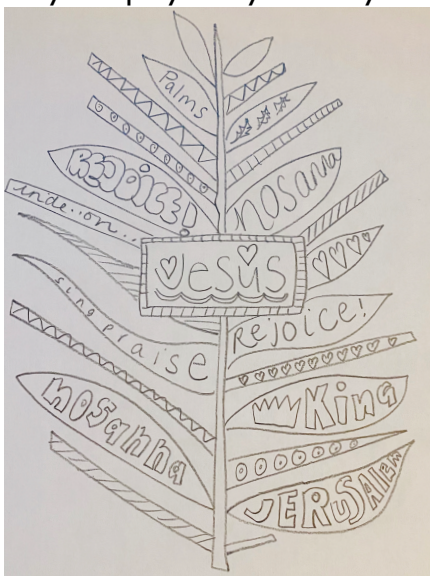
Wave your palms!

There's so much you can do with your palms!

Draw around your hands, colour or paint them green, cut them out and stick them to a roll of paper or a straw to make your own palm flag to wave today! You might even customise special '2020' green painted handprints! If you have a spare cardboard tube, use that as a palm trunk to create a tree using of all the palms you cut out!

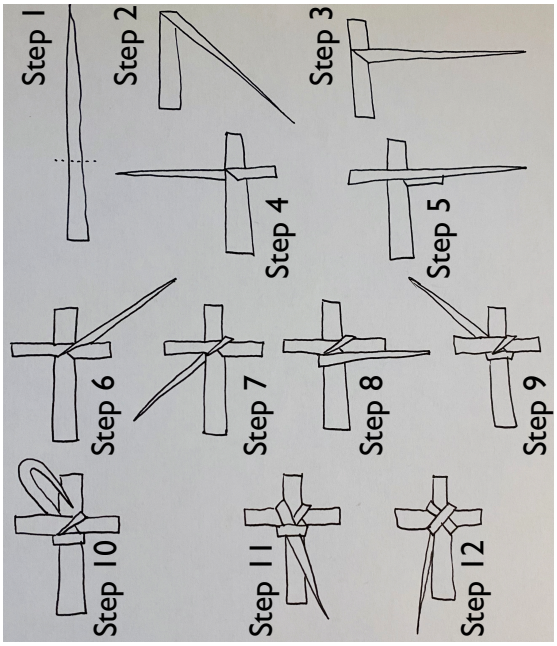
Design a prayerful Palm

Design your own prayeful/mindful colouring palm leaf on a sheet of white A4 paper then send a picture of it to curate@stedscathedral.org to share with others in the community to colour in... then why not prayerfully colour yours in shades of green!



Make your own Palm Cross

You will need a tapered paper strip about 60cm long. You might need to stick some paper together to make a strip!



Tuck-in the tapered end of the palm leaf and pull it through.

Turn the cross over. This is the front view.

A fun resource online: if you don't have a printer can you design your own version?
