

Make a Crown and Arrows Mobile

Materials

Two wire coat hangers
String or wool or other thread for hanging
Hole punch
Stapler or glue

Your choice of decoration:

Crepe paper, wrapping paper, sticky coloured tape or similar
White or coloured card or use patterned paper
Crayons, coloured pens, paints, glitter

Made using gold duct tape, patterned card and striped twine with a parcel decoration for the middle

Instructions

1. Pass one coat hanger through the other and secure where they cross and at the top where they meet. Flatten one hook against the other and leave one hook at the top for hanging.
2. Cover the wires with ribbon, wool, wrapping paper, sticky coloured tape anything that will wrap easily around the wires.
3. Using the template below, print and cut out two crowns onto light card decorate using your choice of media and staple together to make one large crown
4. Using a hole punch, put four evenly spaced holes near the top of the crown and thread a short length of wool or string into each hole and tie onto each arm of the coat hanger.
5. Print and cut out onto light card as many of the arrows that you would like and decorate them on both sides.
6. Using a hole punch, make a hole in the middle of each of the arrows
7. Hang the arrows using different lengths string or wool/thread from the arms of the coat hanger and punch a few holes in the bottom of the crown and hang more arrows. Use as many arrows as you like.
8. Find a decoration for the middle if you want to
9. Hang and enjoy!

Print and cut out two or print and cut around onto the card of your choice

Print and cut out as many as you want to put on your mobile or use as a template and cut around them onto card
