Discovery Detectives

Counting TRAIL

Being a detective means you have to look carefully at the things around you. Practice your looking skills by finding the places and counting on this trail. It begins outside the Cathedral on the south side where you find the statue of St Edmund.

Count 1 Look up at the Cathedral tower...

- Count the weather vanes on this side, write this down, you may need it later.
- How many E's can you see on this side of the tower.

Count 2 Look at the Cathedral...

- How many doors can you see?
- Are they all the same size?
- Find how many stones have the date 1964 on the outside of the Cathedral wall.
(Hint: stay on the south side).

Count 3 Find the Norman Tower where the bells are rung...

- Count the different shapes you see on the brickwork.
- Can you draw a shape you see.

Count 4 As you make your way to the Cathedral entrance...

- Look at the carvings on the stone work.
- Count the number of shells you see.
- Can you find the carving that looks like a bag?

Count 5 Stop in the porch...

- How many shields are on the wall?
- Count the number of crowns you see.

Count 6 Find the Font where children and adults are baptised...

- How many different pictures can you see on the panels?
- Find the panel where there are 5 children.
- How many ears of corn can you find?
